TAFT ISSUES WARNING TO OWN PARTY

RESIDENT—NEW HAVEN, June 30.—President Taft paused in the course of an afternoon speech to 1800 graduates of Yale graduates gathered at the annual alumni dinner today to issue a serious note of warning to congress and the leaders of the Republican party. The president declared that if the party waited to live up to its promises and the expectations of the people it would be relegated to a position of the minority opposition. Taft made no efforts to explain his warnings. He had been speaking with Secretary of War Dickerson, a Democrat, upon whom Yale today conferred an honorary degree. He taunted the Democracy with the best good humor as to present day conditions. This led him into the declaration as to his own party.

GOLDFIELD MAN INJURED BY AN AUTOMOBILE

LDFIELD MAN NARROWLY ESCAPES SERIOUS INJURY IN AUTOMOBILE ACCIDENT.

Bert Taylor, a citizen of Goldfield, and scarcely landed in the town of Tonopah yesterday morning when he was hit by an automobile which, had he played less fortunate, would have ruined him for life.

Taylor had alighted from the train and was making his way up town when he was hit by a Simplex car driven by Shorty Kutkian. The victim was struck and knocked to the ground, suffering injuries to both knees and his back. He was removed to the offices of Dr. Clark, who attended to the injured man.

As near as can be learned, the accident was uncalled for. Jim Jeffries was at the throttle of a Thomas car and was moving slowly up Main street when the driver of the Simplex happened along, evidently trying to beat the driver of the Thomas to town. In his anxiety to accomplish his ends, he crowded the Thomas car to the sidewalk with the result that Taylor was hit.

Taylor was seen by a representative of the Bonanza and he placed the blame entirely upon the driver of the Simplex.

It might be well to add that the drivers of automobiles in this city are entirely too reckless. In nearly all of the cities on this coast there is an ordinance regulating the speed of automobiles. It is common knowledge that in Tonopah machines are driven entirely too fast within the city limits. Some cognizance should be taken of this matter by the town board.

Chief of Police Malley informs the Bonanza that the matter of the injury of Mr. Taylor will come up for consideration on the third of July the justice court. Several witnesses to the accident have been subpoenaed. The officers determined to put a stop to fast driving with city limits and will exert their effort to protect pedestrians.

EDICATE NEW MILLION DOLLAR BASEBALL FIELD

(By Associated Press.) PITTSBURG, June 30.—Forbes field, the new million-dollar home of the Pittsburgh baseball club, the largest and finest amusement stadium in the world, was dedicated today. A total of 39,328 paid admissions passed through the turnstiles to witness the game between Chicago and the home team. This is the world's record for paid admission for a ball game. The new park has a seating capacity of 25,000.

LAST DAY OF THE SLOT MACHINES

(By Associated Press.) SAN FRANCISCO, June 30.—Four thousand nickel-in-the-slot drink and cigar machines were still at midnight tonight when the ordinance forbidding a continuance of these gambling devices went into effect. The last day of the machines was marked by an unprecedented play. Thousands of dollars were poured into the slot by players around the favored machines. The people stood in crowds for hours waiting for a chance to play, or watching the varying fortunes of those so engaged.

DICK TURPINS HOLD UP MAN AND WOMAN IN AUTO

SEATTLE, June 30.—Harry Watson, an undertaker of this city and four companions, two of them women, who were riding in an automobile on Lake Washington boulevard last night, were held up by two masked men and robbed of all their money and valuables, \$400 being taken from Watson alone. The car was halted at a lonely place in the road. As soon as the party stopped two men with pistols emerged from the shadows, ordered all to deliver, and after receiving the tributes disappeared.

FLOOD COSTS THE LIVES OF MANY

(By Associated Press.) BROWNVILLE (Texas), June 30.—Tarpon Beach, a summer resort on the lower end of Padre Island, three miles from the mainland, was inundated today. The fate of the inhabitants is unknown. A number of fishing boats and a gasoline launch were swept out to sea or wrecked. There are meager details known tonight of a storm of extraordinary severity which raged today off Point Isabel and the adjacent coast. The storm broke the dam and continued unabated throughout the day.

NEGRO JOHNSON OUTFIGHTS ROSS

(By Associated Press.) PITTSBURG, June 30.—Jack Johnson tonight outfought Tony Ross of Newcastle, Pennsylvania, in a six round bout at Duquesne Gardens. While no decision was given on account of the provisions of the state law, experts unanimously agree that Johnson had all the better of the go.

ADDITIONS HAVE BEEN ADDED TO JACKASS COMMITTEE

In view of the fact that additional assistance was rendered necessary to dispose of Bill Alpine, Grant Crumley and W. W. Charles have been added to the committee. Bill is having a great time these days. He is being cared for in the very height of fashion, receiving attention that would make the average desert rat ashamed of itself. The two gentlemen who have been added to the committee will take an active part in the disposition of the burro, as both are thoroughly acquainted with the best that there is in burros.

BLACKDAMP COSTS TWO MEN THEIR EXISTENCE

(By Associated Press.) LIVINGSTON (Mont.), June 30.—Matt Martin, a laborer, and an unknown man, both employed in digging a well near here, lost their lives today by being overcome with blackdamp.

POLICE SEARCH FOR ASSASSIN

(By Associated Press.) SAN FRANCISCO, June 30.—Dear Emma, I am still alive," wrote Caroline Brash, cashier-bookkeeper of the Grag Brothers company office concern on the sixth floor of the Wells Fargo building shortly after 1 o'clock today. Before the ink was dry on the postal card, she was lying lifeless on the floor, wantonly murdered. It is the theory of the police that the murder was over the trifling amount of \$5.75 in a time check. Scores of police and detectives have vainly searched the city for J. Novak, a Slav quarry laborer who is suspected of the crime. The shooting occurred at a time when the corridors and elevators were crowded, yet no one saw the murderer enter or leave the building which hummed with excitement. J. Novak walked into the office of a collection agency several blocks away, and cashed a check from which \$5.75 was deducted.

MANHATTAN PLACERS ARE RICH

Last evening R. L. Colburn arrived in Tonopah with a bottle of gold dust that represented \$500 of the coin of the realm. The dust was taken from Mr. Colburn's lease on the Big Five estate of the northern camp and was the extraction from thirty yards of dirt. Mr. Colburn stated to a representative of the Bonanza that he and his associates in the lease have six feet of pay dirt and that the adjoining leases were making money as fast as he. He stated that he expected to be extracting in the neighborhood of \$10,000 a month within a very short time. "Manhattan," said Mr. Colburn, "is looking better than it ever has. The camp is certain to develop into the biggest placer proposition that this coast has ever seen. Why, it is an absolute fact that the finds extend for miles. There are nearly 100 leasers at work and as near as I can learn every mother's son of them has ore. It is without a doubt the greatest proposition I have ever seen."

WORDEN JURY FAILS TO AGREE

(Special to the Bonanza.) GOLDFIELD, June 30.—The jury in the case of the people against County Commissioner Worden, who has been on trial for alleged grafting, failed to agree and was discharged. The jury stood eleven for acquittal and one for conviction. Immediately after the vote of the jury was announced, Worden was given an ovation by the people of this town, who apparently figure that the man is innocent. It is barely probable that he will have to face another trial.

CALIFORNIA'S EXPENSE IS INCREASING RAPIDLY

(By Associated Press.) SACRAMENTO, June 30.—According to a report of state controller Nye, expenses involved in conducting the affairs of the state are increasing at the rate of \$1,300,000 annually. The report made at the close of the fiscal year ending today shows that the total expenditures for the year amounted to \$16,841,666.11, exceeding the total of the preceding year by \$1,351,385.83.

STEWART JURY FAILS TO AGREE

Six for acquittal and six for conviction was the arrangement of the jury in the case of the people of the state vs. Stonewall Jackson Stewart, who was charged with having endeavored to kill a negro. The case has held the attention of the district court for the past two days. As was reported in the Bonanza, the arguments closed Tuesday night. After an all night session the jury failed to come to an agreement with the result that the members thereof were discharged. The case will come up for another hearing within a few days.

PARKHURST IS SENTENCED TO LONG TERM IN PRISON

(By Associated Press.) SEATTLE, June 30.—Ralph Parkhurst former assistant cashier of the First National bank, convicted of embezzlement of \$50,000 from the bank, was sentenced to ten years in the federal prison and to pay \$2000 and costs today. Parkhurst had been with the bank more than twenty years.

MURDER, ROBBERY THEIR BUSINESS

(By Associated Press.) EL PASO, June 30.—An Indian under arrest at Torreon confessed today that he and several others, including an ex-judge of one of the Mexican inferior courts, formed a band and made a business of murder and highway robbery. Among the victims were three mail carriers who were murdered and robbed at different times during the past few months. Immediately after the confession a force of rurales left for the scene, captured the entire gang and also recovered much stolen plunder.

CUTTER CASE IS BEFORE THE COURT

The case of William Cutter against the Pittsburg Silver Peak Mining company is now before the district court. Yesterday's session was consumed in the selection of a jury. Cutter claims that he is entitled to \$15,000 damages because of the negligence of the company. He was carrying a piece of iron which came in contact with a live electric wire. As a result he lost two fingers of his right hand. Last night the jury box was filled, but neither side had exercised its peremptory challenges.

BRITISH STEAMER UNDER ARREST

(By Associated Press.) NEW YORK, June 30.—The British steamer Ethelwold, lying on the outer edge of the forest of shipping which skirts the south Brooklyn water front, was held up by the United States custom officers tonight on suspicion that she was about to engage in a filibustering expedition against San Domingo. An order to detain the steamer came from the department of commerce and labor at Washington and was made upon the request of the minister from Hayti. A search of the steamer's cargo will probably be made tomorrow.

POWER INADEQUATE FOR THE WRIGHTS

(By Associated Press.) WASHINGTON, June 30.—Insufficient power was responsible for the misbehavior of the Wright aeroplane today at Fort Myer. The first flight attempted by Orville Wright resulted in a slight damage to the machine and ended the experiments for the day. Its duration was about 30 seconds. Wright said the aeroplane would be ready for another trial tomorrow.

SECURES BASEBALL TALENT IN TOWN OF TONOPAH

During the visit of Johnny Mullin, familiarly known as the kilowatt kid, in this city at the Elks' carnival, he secured the services of one of the best known baseball pitchers of this town to play with the Goldfield aggregation on the Fourth of July in this city. Goldfield feels that with the services of the man in question it will be able to take the scalps of the Volunteers of this place. However, Tonopah people will have to be shown and if the boys from the southern camp are desirous of placing their money on the outcome of the game they will find plenty of takers in this burg.

STATE WIDE IN EFFECT IS THE PROHIBITION

(By Associated Press.) MEMPHIS, June 30.—The Holladay state-wide prohibition bill passed at the recent general assembly went into effect at midnight. The bill makes it illegal to sell whiskey or other alcoholic beverages within four miles of any school house in the state. The passing of the saloon was marked throughout the state by scenes of unusual hilarity. Up to the hour of midnight the saloons were crowded with revelers. In striking contrast to the scenes of revelry, the state wide prohibitionists held private meetings of rejoicing. Prayer meetings were held in the homes of the leading members of the local prohibition forces although there was no public meeting.

ELKS PREPARING FOR INVASION OF SOUTHLAND

FRATERNAL ORDER WILL ADVERTISE SOUTHERN NEVADA IN SOUTH.

The members of the local order of Elks, assisted by their brethren of Goldfield, will certainly advertise southern Nevada at the Elks' carnival to be held in Los Angeles during the early days of July.

Arrangements are being made to have one of the finest floats that has ever been sent from this section. The float will represent a mill in complete working order. Whether or not the public at large will appreciate the labor expended by the local Elks remains to be seen. However, it is safe to say that nothing has gone out of this section of the state that will attract more attention than the float that will be conveyed to the city of angels by the Elks lodges of Tonopah and Goldfield. The people of this city will have a chance to see the float on the Fourth of July, the members of the organization having come to the conclusion that they will use their float in the parade in this city on the occasion of the celebration of independence day.

W. K. Wise is one of the prime movers in the proposition to advertise Nevada at the forthcoming celebration of the Elks in Los Angeles. Together with the other members of the order, he is spending considerable time in arranging for the finest display that has ever went from this locality.

PITTSBURG PLANTS ARE CRIPPLED BY STRIKING MEN

(By Associated Press.) PITTSBURG, June 30.—Fifteen plants were crippled or entirely tied up at midnight by a strike order that went into effect in the Union sheet and tin plate mills of the United States Steel corporation, according to claims made by the officials of the Amalgamated Association of Iron, Steel and Tin Workers. The number of men on strike is estimated at 7000. The strike is the outcome of the open shop order which was posted by the company at the mills throughout West Virginia, Pennsylvania, Ohio and Indiana.

JIM MAY BRINGS NEWS OF ELLENDALE CAMP
James May was an arrival last evening from the camp of Ellendale. He brings the most glowing accounts of operations there and says that the present indications augur well for the new district. May has some ground in the camp and believes that he and his associates will reap abundantly thereof.
